RE: FOIA 19-017 Response to FOIA Request

Thank you for writing to Hinsdale Township High School District No. 86 with your request for information pursuant to the Illinois Freedom of Information Act ("FOIA"), 5 ILCS 140/1 et seq., received on September 5 2018.

You requested the following:

> What is the plan to if any, to offer Honors Biology at Hinsdale South?
>
> What were/are are the total number of students taking an AP class each year since 2010 up till present date September 5, 2018, from all of the AP courses that are offered from both Hinsdale Central and South in the class year that just passed 2017-2018, and this new school year 2018-2019. Please break this down and separate the list for each school indicating the courses taken by "n:" number of students and how many took it in each course specifically. So you would reply to this question requesting how many students took AP Biology at South with the number of students taking the class total as : "X number of students took AP Biology at South in the academic year 2017-18. "X number are currently taking AP Biology this school year 2018-2019." Please specify each AP class with the number of total students taking the class at each High School. Please be specific to define the results from each school.
>
> What are the total number of students taking an AP exam each year since 2010 from all of the courses that are offered from both Hinsdale Central and South. So you would reply to this question requesting how many students took any AP exams with the number of students who sat for the exam : Please break this down and separate the list for each school. For example, "X number of students took AP Biology exam at South in the academic year 2017-18. "X number are currently taking AP Biology exam this school year 2018-2019." Please specify each AP exam with the number of total students taking the class at each High School. Please be specific to define the results from each school.
>
> What is the breakdown of scores, for the students at each school taking all possible AP exams? Please break this down and separate the list for each school. For example, "X number of students received a score of 3 on AP Biology exam at South in the academic year 2017-18." Please specify each AP exam score from a list of all possible scoring criteria (including fail) with the number of total students' scores from the exam for each class at each High School. Please be specific to define the results from each school. Please break the scores down into categories of score results for each AP class. For example, you would say:
>
> > "40 students got a score of 2 on AP Biology at Hinsdale South in school year 2017-2018. And, you would go on to say, "30 students got a score of 3 in AP Biology at South. Please define a complete list of scores (all score ranges from 1-5) in each AP subject with the number scores received in each AP class for all possible scoring criteria.
>
> Basd on AP scoring criteria below, please answer the following questions:
> 5 = extremely well qualified
> 4 = well qualified
> 3 = qualified
> 2 = possibly qualified
> 1 = no recommendation
>
> Please list the grades or scores (fail, 1,2,3,4,5) for AP tests completed from a list of each AP subject offered at each school from 2010 up till present date September 5, 2018. Please break this down and separate the list for

each school and for each AP result of scores.Please further break down the scores down by letting me know how many students (total number of students) received which score for each exam.

What texts were recommended by each school (Hinsdale Central and Hinsdale South) for students to prepare for the AP test?

Were there any AP prep classes at Central for any AP course tests in the years 2010-2018?
Were there any AP prep classes at South for any AP course tests in the years 2010-2018?

What textbooks are being used at Hinsdale Central for entry, Honors, and AP Biology, Chemistry and Physics?
What textbooks are being used at Hinsdale South for entry, Honors, and AP Biology, Chemistry and Physics?

FOIA does not require a public body to answer questions. Kenyon v. Garrels, 184 Ill. App. 3d 28, 32 (4th Dist. 1989). Enclosed and below is documentation responsive to your request.

Hinsdale South Program of Studies: https://d86.hinsdale86.org/domain/229

Meeting: Committee of the Whole Meeting
Date: Monday, February 5, 2018
Item: 12.1 Textbook Adoption and Fee Proposals
URL: http://www.boarddocs.com/il/hinsdale86/Board.nsf/goto?open&id=AVK2UE7DC9C0

As the District's FOIA Officer, I am responsible for the District's response to your FOIA request. This letter and enclosures are intended to be fully responsive to your specific request. If I have misunderstood your request in any way, please clarify the request in writing to me.

Sincerely,

FOIA Officer
Hinsdale Township High School District 86

Hello,
I have FOIA request regarding school curriculum.

What is the plan to if any, to offer Honors Biology at Hinsdale South?

What were/are are the **total number of students** taking an AP **class** each year since 2010 up till present date September 5, 2018, from all of the AP courses that are offered from both Hinsdale Central and South in the class year that just passed 2017-2018, and this new school year 2018-2019. Please break this down and separate the list for each school indicating the courses taken by "*n:*" number of students and how many took it in each course specifically. So you would reply to this question requesting how many students took AP Biology at South with the number of students taking the class total as : "X number of students took AP Biology at South in the academic year 2017-18. "X number are currently taking AP Biology this school year 2018-2019." Please specify each AP class with the number of total students taking the class at each High School. Please be specific to define the results from each school.

What are the total number of students taking an AP **exam** each year since 2010 from all of the courses that are offered from both Hinsdale Central and South. So you would reply to this question requesting how many students took any AP exams with the number of students who sat for the exam : Please break this down and separate the list for each school. For example, "X number of students took AP Biology exam at South in the academic year 2017-18. "X number are currently taking AP Biology exam this school year 2018-2019." Please specify each AP exam with the number of total students taking the class at each High School. Please be specific to define the results from each school.

What is the breakdown of **scores**, for the students at each school taking all possible AP exams? Please break this down and separate the list for each school. For example, "X number of students received a score of 3 on AP Biology exam at South in the academic year 2017-18." Please specify each AP exam score from a list of all possible scoring criteria (including fail) with the number of total students' scores from the exam for each class at each High School. Please be specific to define the results from each school.
Please break the scores down into categories of score results for each AP class. For example, you would say:
"40 students got a score of 2 on AP Biology at Hinsdale South in school year 2017-2018. And, you would go on to say, "30 students got a score of 3 in AP Biology at South. Please define a complete list of scores (all score ranges from 1-5) in each AP subject with the number scores received in each AP class for all possible scoring criteria.

Basd on AP scoring criteria below, please answer the following questions:
    5 = extremely well qualified
    4 = well qualified
    3 = qualified
    2 = possibly qualified
    1 = no recommendation
Please list the grades or scores (fail, 1,2,3,4,5)
for AP tests completed from a list of each AP subject offered at each school from 2010 up till

present date September 5, 2018. Please break this down and separate the list for each school and for each AP result of scores.Please further break down the scores down by letting me know how many students (total number of students) received which score for each exam.

What texts were recommended by each school (Hinsdale Central and Hinsdale South) for students to prepare for the AP test?
Were there any AP prep classes at Central for any AP course tests in the years 2010-2018?
Were there any AP prep classes at South for any AP course tests in the years 2010-2018?

What textbooks are being used at Hinsdale Central for entry, Honors, and AP Biology, Chemistry and Physics ?
What textbooks are being used at Hinsdale South for entry, Honors, and AP Biology,Chemistry and Physics ?

Thanks you,
Michele
