Dr. Tina Payne Bryson

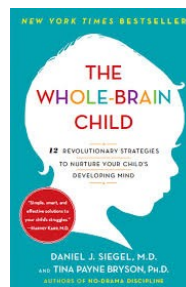

Parenting with the Teen Brain in Mind:

*Everyday Strategies for Nurturing Your
Child's Emotions, Relationships, & Decisions*

In her genuine, practical, and humorous way, Dr. Tina Payne Bryson will take her knowledge of cutting edge science and help explain why teens and pre-teens act the way they do. More importantly, she will show us the role that parents play in the development and construction of our teens' brains in shaping their adult brains to be mentally healthy and ready for meaningful connections with others.

Dr. Bryson speaks internationally to parents, educators, camps, and clinicians, focusing on how we can help the kids we love be happier, healthier, and more fully themselves.

The co-author (with Dan Siegel) of the *New York Times* best-selling books *The Whole-Brain Child* and *No-Drama Discipline*, Bryson is a psychotherapist and school counselor who makes frequent contributions to *Time*, *Good Morning America*, *Huffington Post*, and *Redbook*.
